

## 2016 New York City Science and Engineering Fair - COMPLETE PARTICIPANT LIST

The New York City Science and Engineering Fair (NYCSEF), sponsored by the New York City Department of Education (NYCDOE) and the City University of New York (CUNY) / Office of Academic Affairs, is the city's largest high school research competition. Approximately 700 students from around the city submitted applications to the 2016 NYCSEF for a chance to compete for a variety of cash and prizes including an all-expense trip to Phoenix, Arizona representing New York City at the Intel International Science and Engineering Fair (ISEF). This year's Preliminary Round was held on Sunday, March 6, 2016 at The City College of New York (Manhattan). The top 25 -30 percent of student researchers from each subject category were selected to participate in the Finals Round on Tuesday, March 29, 2016 at the American Museum of Natural History. All award winners, including the names of the seventeen students selected to represent NYC at the International Science and Engineering Fair in May as well as approximately 200 other award winners were announced at the NYCSEF Awards Ceremony on April 1, 2016 at The Gerald W. Lynch Theatre at the John Jay College of Criminal Justice. The names of all of this year's participants are listed below. Congratulations to all of this year's participants and award recipients.

For more information about NYCSEF, please visit <[nycsef.cuny.edu](http://nycsef.cuny.edu)>.
