1)  a. Student #1/Team Leader: ____________________________________________________________________________ Grade: ___________
   Email: ____________________________________________________________________________ Phone: ________________________
   b. Student #2/Team Member: ____________________________________________ c. Student #3/Team Member: ____________________________

2)  Title of Project: _____________________________________________________________________________

3)  Adult Sponsor: ____________________________________________________________________________
    Phone/Email: ____________________________________________________________________________

4)  Indicate the start dates (projected or actual) of the following stages of your project (mm-dd-yyyy):
   a. Background/literature review: __________
   b. Set up or design of experimental conditions and methods, and/or training on equipment: __________
   c. Experimentation/data collection: __________
   d. Data analysis: __________

5)  Will you be continuing data collection and analysis between January - May 2016?  □ Yes  □ No

6)  If you indicated a start date before 01/01/15 on questions 4c or 4d above, this project may be considered a continuation from a previous year. Please provide the following:
   a. The previous year’s □ Abstract or Project Summary   □ Form 1A* and □ Research Plan*
      * If submitted for previous NYCSEF competitions.
   b. Explain how this project is at a different stage, or is a new research question on □ Continuation Form 7.

7)  Where will you conduct your experimentation? (check all that apply)
    □ Research Institution* □ School □ Field □ Home □ Other: __________________________________________
    * Please submit a Regulated Research Institution Form (1C).

8)  List name and address of NON-SCHOOL work site(s):
    Name: ____________________________________________________________________________
    Address: ____________________________________________________________________________
    __________________________
    __________________________
    Phone/Email: __________________________

9)  Attach the Research Plan / Project Summary. See page 30a for detailed instructions.

10) Please also attach a copy of the abstract from your research paper to this form. See page 30b for definition and guidelines.
